

# JIRA SOFTWARE SCREENSHOTS OF SPRINT 4

The screenshot shows the Jira Software interface for the 'SmartFarmer - IoT Enabled Smart Farming Application' project. The left sidebar contains navigation options: PLANNING (Roadmap, Backlog, Board), DEVELOPMENT (Code, Project pages, Add shortcut, Project settings), and a note 'You're in a team-managed project'. The main area displays the 'Backlog' for 'SIESFA Sprint 4' (14 Nov - 21 Nov, 3 issues). The issues listed are:

- SIESFA-23: As a user, I want to first register using my email and create password for the account and rectified issues (WEB UI, 2 DONE, SV)
- SIESFA-22: As a user, I have successfully rectified all the issues given by farmer and logged out (WEB UI, 2 DONE, S)
- SIESFA-24: As a user, I need to have a friendly user interface to easily view and access the resources (WEB UI, 2 DONE, SV)

Below the issues is a '+ Create issue' button. At the bottom right, there is a 'Create sprint' button and an 'Activate Windows' watermark.
